

MASEPEsmile Data Base Release Agreement

The goal of this database, which we call **MASEPEsmile DB**, is to advance in the smile generation for virtual characters. The motivation behind this dataset is that, as a research community, we need to compare a variety of different methods to find which choices are most important for a practical and robust solution.

Release of the dataset:

To advance the state-of-the-art in facial animation, laugh and smile simulation, this dataset is made available to the researcher community. All other uses of the dataset will be considered on the case-by-case bases. To receive a copy of the dataset, the requestor must sign this document and agree to observe the restrictions listed below.

Consent:

The researcher(s) agrees to the following restrictions on the **MASEPEsmile DB**:

1. *Redistribution*: Without prior written approval from the Coordinator, the **MASEPEsmile DB**, in whole or in part, cannot be further distributed, published, copied, or disseminated in any way or form whatsoever, whether for profit or not. This includes further distributing, copying or disseminating to a different facility or organizational unit in the requesting university, organization, or company.
2. *Noncommercial and no modifications*: **MASEPEsmile DB** cannot be used for commercial purposes, and **MASEPEsmile DB** cannot be modified.
3. *Requests for the MASEPEsmile DB*: All requests for the **MASEPEsmile DB** dataset must be forwarded to the Coordinator.
4. *Citation/Reference*: All documents and papers that report on research that uses the **erythrocytesIDB** must acknowledge the use of the dataset by including an appropriate citation to the following:
 - a. Publication pending
5. *Publications*: A copy of all reports and papers that are for public or general release that use the **MASEPEsmile DB** must be forwarded immediately upon release or publication to the Coordinator.
